

The Honorable [FULL NAME]
United States House of Representatives
Washington, D. C. 20515

Dear Representative [LAST NAME]:

As a constituent of the [NUMBER] district of [STATE], I urge you to co-sponsor very important legislation, H.R. 2120, the Securing Access for Venue Equity (SAVE) Act.

This legislation is extremely important to me and countless colleagues, as it would include tour operators, travel agencies, and other hard-hit businesses not covered in the Shuttered Venue Operators Grant (SVOG). COVID's delta variant continues to hit the industry hard and additional help, in the form of direct relief, is needed.

I ask that you urge your colleagues to also cosponsor this legislation, and that you do anything you can to help ensure that the SAVE Act is enacted into law in whatever legislative vehicle possible. A Small Business Committee hearing on the bill would be most prudent, as we continue to work to better understand from SBA the size of the pool as it pertains to supplemental grants.

I believe it is vitally important that Congress shifts its focus back to additional relief. Within that relief, an SVOG plus-up—possibly paired with expanded eligibility via the SAVE Act of other measures—could fit into the narrative.

Thank you for considering my request. I would be happy to provide details about the extent of my business losses due to the pandemic.

Sincerely,
[YOUR NAME]
